Roadside Assistance

Our services

To request roadside assistance, call the number supplied on your membership card. If traveling outside your local region, you may obtain nationwide roadside assistance by calling 800-AAA-HELP (800-222-4357).

Requests for roadside assistance may also be placed via the AAA Mobile app or through our online service at AAA.com/Roadside.

Who's eligible

Roadside Assistance is provided for a fee on any eligible and properly licensed and registered vehicle that you are driving or riding in at the time of disablement, if those services can be safely delivered in compliance with local/county/state laws. You must be with the disabled vehicle at the time of service. You will be asked to present your valid digital AAA Membership Card and photo identification before service is rendered. For roadside assistance in excess of what is described in this handbook, you will be requested to pay the provider directly at the servicing facility's prevailing rate.

Services provided

Battery jump-start/boost

In most metropolitan areas, we will test your battery and charging system on-scene with our testing equipment and, if appropriate based on the test results, offer to install a new AAA battery on-site or arrange for replacement at a later time at your convenience. The diagnostic test is free and we offer a 72-month limited warranty with 36 months free replacement. Our batteries meet and/or exceed the vehicle's original specifications and our battery prices are competitive. Members also receive a \$25 discount (off retail pricing).

AAA Battery Service is only available in select areas during select hours. AAA batteries are available for most makes and models, and some vehicles may require additional installation fees. If battery service is unavailable, we will provide a battery boost when safe to do so or offer towing.

Battery service is not available for motorcycles and specialty vehicles such as all-terrain vehicles, dirt bikes, snowmobiles and golf carts.

Extrication and winching

If your vehicle goes off the road, we'll send a service vehicle to get you back on track. Your vehicle will be extricated when it can be safely reached from a normally traveled road by a service vehicle with automobile servicing equipment operated by one person. If additional help is needed, you may choose to pay for additional services on-scene. In such case, the service provider may utilize additional persons or equipment, where available, that are needed to free your vehicle.

Fuel delivery service

If you run out of fuel, we'll send an emergency supply, when available, to get you to the nearest service station. We will only deliver fuel (no fuel/oil mixes) and we will charge for fuel at current pump prices. If you require diesel fuel, please let the AAA Customer Advocate know, as some diesel engines may require additional service by a repair facility. Your vehicle may need to be towed if it runs out of fuel.

Vehicle lock-out service

If you lock your keys inside your vehicle, we'll try to open the door for you. If your keys are lost or broken, or if we can't get inside the passenger compartment, we can tow you to a locksmith or another destination of your choice, subject to the towing provisions in this handbook.

Mechanical first aid

When it is safe, our service providers will do what they can at the scene to get your vehicle on the go if it only needs minor adjustments which don't involve parts or supplies.

Please note that we can't guarantee any repairs carried out in this way. If your vehicle is able to be mobilized, you should visit your nearest AAA Approved Auto Repair shop or other repair facility of your choice and see a qualified technician.

Tire service

If you've had a blowout or a flat tire, we'll check that your spare tire is inflated and serviceable then install it for you when possible and safe. If you don't have a serviceable spare, we'll tow your vehicle (for more details, see "Towing" below).

Please note that our service doesn't include repairing your tire, or installing or removing snow chains, unless as part of changing a flat tire. Installing a spare tire is a temporary fix only. You should immediately visit your nearest AAA Approved Auto Repair shop or other repair facility of your choice to have it checked by a technician.

Bicycle service

Bicycle service is just another way AAA has you covered with roadside assistance. AAA will transport you and your bicycle to any point of safety within the limits of your coverage.

Towing

If the AAA service provider can't start your vehicle or make it safe to drive, your vehicle will be towed to either:

- The service provider's repair shop
- Anywhere within five miles of disablement (within ten miles for Nebraska Basic members)

Only one tow per mechanical breakdown can be made at AAA's expense. If you need towing beyond the limit of your membership level, you will be charged for the extra miles at the service provider's prevailing private rate.

Towing considerations

If you need to be towed to a repair shop, we ask that you accompany the driver during the tow and call ahead to make arrangements for the vehicle to be accepted upon arrival. If no one from the facility will be there to receive your vehicle, make sure you are – we can't leave your vehicle at a closed repair shop unless you are there to accept it. Local laws may only allow service providers to carry one passenger. In this situation, we will help you find alternative transportation at your own expense.

Please note that our responsibility ends when we get your vehicle to the agreed destination. You'll need to pay any further expenses yourself, such as repairs or additional towing.

Eligible vehicles

The following table shows which vehicles are covered for roadside services, provided your vehicle can be safely reached from a normally traveled road by a service vehicle with automobile servicing equipment operated by one person.

Basic

Types of vehicles	Battery boost	Battery replacement	Extraction and winching	Fuel delivery*	Vehicle lock-out	Tire service	Towing

* Fuel delivery includes regular fuel only (not fuel/oil mixes).

Note: Bicycles and golf carts must be accessible from the roadside.

Vehicles not eligible for service

Service will not be provided for vehicles which are:

- Unregistered and unlicensed vehicles
- Abandoned, unattended, purchased in an inoperable condition or cannot be driven safely
- Illegally parked or associated with any illegal activity
- Being towed to or from a salvage yard, charitable organization, car show exhibition, auto auction or being towed from one storage location to another

- Loaded or modified, thus altering the vehicle's original weight, dimensions or ground clearance, creating a safety hazard or potential damage to the vehicle or servicing equipment (battery, fuel-delivery, lock-out and mechanical first aid services excluded)
- Driven off established roads or in areas unsuitable for vehicular traffic, which include, but are not limited to, beaches, open fields, vacant lots, playgrounds, creek beds, golf courses, forests, private roads, flooded roads or driveways, etc.
- Equipped with a snow plow (limited service may be provided, but you must remove the snow plow before any towing, extrication or tire service may be rendered) or require shoveling of snow, etc. in order to render service
- Taxis, limousines, buses, semi-tractor trailers (semitrucks)
- Trailers
- Motorcycles
- Requiring service where appropriate photo identification, in addition to the membership card, is not provided to the service technician

Service will be provided to an inoperable impounded vehicle if it is not under any legal restraints and provided the vehicle is accessible.

Note: If, because of illness or injury, you can't tell us what you'd like us to do with your vehicle, we may tow it and keep it until we hear from you. Storage fees may apply. Personal property inside the vehicle is the sole responsibility of the member. AAA assumes no liability for lost or stolen items

Limitations

Understandably, in providing roadside assistance, AAA cannot assume responsibility for the actions of independent service facility personnel. These facilities serve as independent contractors and are not employees or agents of AAA.

Any loss or damages resulting from the service facility personnel's actions are the sole responsibility of the service provider and should be reported immediately to the service facility owner before repairs are made. If a satisfactory resolution with the owner has not been reached within 10 days, the incident can be reported to AAA and one of our representatives will attempt to reconcile the dispute.

AAA cannot guarantee that the service provider will have all the parts needed for your vehicle, nor will AAA accept responsibility for repairs, or the availability, delivery or installation of parts.

Extreme service conditions

We always try to be as responsive as possible, but please understand that unavoidable delays can occur during severe weather conditions, an increase in the volume of service requests, heavy traffic, road construction, unusual circumstances or legally enforced service restrictions.

In the event of severe weather emergencies, first priority is given to the removal of vehicles blocking roadways. As equipment becomes available, service will be provided to other vehicles.

The safety of our members, employees and independent service technicians is our top priority. On rare occasions services may be temporarily suspended due to weather conditions and other extenuating circumstances. Once it is safe to do so, we will resume services.

Additional help for emergencies

Car travel interruption protection

Even if you take every precaution, there are still times when the unexpected happens and you're faced with additional expenses. Fortunately, we're there to help.

If you're traveling by car and are 100 miles or more away from home and have a breakdown or accident while en route, or if your vehicle is stolen while en route, we'll reimburse you for emergency expenses up to the value of \$600.

Reimbursable expenses include:

- Meals and lodging
- Car rental
- Transportation home or to your destination within 72 hours

For a complete description including terms, conditions and exclusions, see Appendix 1 on page 29.

Emergency check cashing

If the unexpected happens and you're short cash, AAA can help by cashing a personal check of up to \$100 to help with emergencies. Just show your membership card with supporting identification at any full-service AAA.

- Service may not be available at all AAA offices.

Emergency payment acceptance

As a member, your personal check or credit/debit card will be accepted by any independent contract facility for payment of road service for up to \$250. A valid membership card and identification must be presented at the time of payment. The name on the check or credit/debit card must match the member name.

Limited legal fee reimbursement protection

If you believe you've been unjustly charged with a traffic law violation, we can help with the cost of legal fees. You can choose your own lawyer, and if you're found not guilty of the charges, or if they're dismissed, we'll reimburse you for attorney fees for your defense or appeal (see "Reimbursement Schedule" on the next page).
