HELPING SENIORS DRIVE SAFER & LONGER

Safety Knows No Age

You may be concerned about your mom and dad driving, but as a group, seniors can and do make safe driving choices.

AAA's research-based tools, programs and educational resources help older adults improve their safety as drivers, and assist in making a smooth transition from driver to passenger, if needed.

Learn the facts about mature drivers and find out how you can effectively and compassionately start a conversation with your parents about driving.
